THE MALUTI DESK RANGE

The Maluti Height adjustable desks have been designed and developed in South Africa for the African market. We use quality materials and electronic and drive components from Germany and Austria. Our European partners ensure that we stay up to date with international trends. The Maluti range brings state-of-the-art performance and flexibility to the modern workplace.

Desks are assembled in an assembly facility designed specifically for these products. Each leg undergoes friction testing, and is quality approved before being assembled. Final product is also checked & leveled before being packed. The desks have excellent stability and we have added a customizable pinch protection safety feature. The desks come with a 3-year warranty, and we stock all parts and electronics locally, in case something should go wrong.

Please enquire if you need a unique height-adjustable solution.
