Polyurethane flexible foam - SABS approved

Quality frame construction

# Materials

## Polyurethane foam

---

We use various SABS approved polyurethane high density, medium density and super soft density foam when manufacturing our products.

Some products are also manufactured out of moulded foam shells, seats and backs.

Foam thickness varies depending on design and application.

---

## Frame construction - combinations

- Engineered particle board
- Pine
- Solid wood (beech/rubber wood)
- Furniture plywood
- Moulded plywood
- Heavy and medium duty webbing
